AIR PERMIT NO. TV-1900-0040

The South Carolina Department of Health and Environmental Control (SCDHEC), Bureau of Air Quality, has received a Part 70 Operating Permit Renewal Application for this facility, and has drafted an operating permit that will allow the facility to continue to operate as a major source under the requirements of SC DHEC Regulation 61-62.70 "Title V Operating Permit Program." This permit will enable the facility to operate in compliance with State and Federal Air Quality Regulations. The draft/proposed permit has not yet been approved and is open to comment from the public, affected states, and the United States Environmental Protection Agency (EPA). If approved, this draft/proposed permit will supersede the existing Title V Operating Permit issued to this facility on December 29, 2000.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by February 21, 2007, to Veronica Barringer at the above DHEC address. All comments received by February 21, 2007, will be considered when making a decision to approve, disapprove, or modify the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Karen Lee at the above DHEC address or by e-mail at: leeka@dhec.sc.gov. If a public hearing is requested and scheduled, notice will be given in this newspaper thirty (30) days in advance. A final review request may be filed after the permit decisions have been made. Information regarding final review procedures is available from DHEC's legal office at the above address or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through February 21, 2007, at the DHEC Columbia Office listed above.

The draft/proposed permit is also undergoing a parallel permit review by Region IV of the EPA. The status regarding EPA's review of the draft/proposed permit and the deadline for a citizen petition is available on EPA's website at: <http://www.epa.gov/region4/air/permits/SouthCarolina.htm>. Should DHEC receive significant comment on the draft/proposed permit and/or make substantive changes, EPA may exercise its rights for an additional 45-day review. However, if no significant comments are received, and no substantive changes have been made, the permit may be issued following the parallel review period.

The BAQ maintains a county-based mailing list of persons interested in receiving notification of BAQ public notice actions. If you would like to be added to this list, please submit a request with your name, address, and counties of interest to Karen Lee at the above DHEC address or e-mail.
